

In his retirement announcement, John noted that the country's first Inspector General was appointed by General George Washington to be the "eyes, ears, and conscience of the commander." We are truly fortunate that CIA, and the Intelligence Community as a whole, had John's eyes, ears and conscience throughout his career. We will miss his intelligence, insight and honesty.

As Chairman of the Intelligence Committee, I have come to trust and rely on John's good judgment in a variety of sensitive situations. I thank him for working with me to ensure that his office and my committee maintained a professional, productive relationship. I wish him continued success in all of his future endeavors.

Mr. HERGER. Madam Speaker, Pursuant to the House Republican standards on earmarks, I am submitting the follow information regarding earmarks I received as part of H.R. 1105, the Omnibus Appropriations Act, 2009:

Address of Requesting Entity: 1220 N Street, Sacramento, CA 95814

Description of Request: Provide an earmark of \$581,000 in order to augment local and state contributions to the California County Pest Detection Augmentation Program, and would be used to establish dog teams at strategic locations throughout California. The dog, its handler, and support staff would perform inspection and investigation of incoming shipments, as well as the evaluation of the potential for broad infestation. The California County Pest Detection Augmentation Program is a locally-led inspection program that focuses on agricultural and plant material entering the state at its various points of entry.

Facilitating a vibrant trade in agricultural commodities is good for American farmers and consumers alike. But to maintain food security for the nation and to protect California's natural environment from infestation by invasive species, prudent investments in pest detection at all levels of government must continue.

Description of Request: Provide an earmark of \$1,914,000 to be coupled with dedicated State of California funds and enable the Corps of Engineers to complete the project's Limited Reevaluation Report and continue construction and mitigation work for this flood protection effort. This important project includes levee repair and reconstruction along the Sacramento and Feather Rivers, specifically consisting of installation of landside berms with toe drains, ditch relocation, embankment modification, and slurry cut-off walls to address seepage and levee boil issues which threaten the performance of flood control structures that protect close to \$100 million worth of public infrastructure and private property.

Bill Number: H.R. 1105

Account: Army Corps of Engineers, Construction General

Legal Name of Requesting Entity: State of California, Department of Water Resources

Address of Requesting Entity: 1416 9th Street, Sacramento, CA 95814

Description of Request: Provide an earmark of \$22,967,000 for the Sacramento River Bank Protection Project. This project is located within the limits of the existing Sacramento River Flood Control Project (SRFCP) in Northern California. The integrity of various sections of Sacramento River and tributary levees has become seriously eroded, so much so that the State of California issued a statewide emergency declaration to address the levee deficiencies. Much progress has been made to correct the system's weak points, due to support from Congress, the Administration, and the State of California. Additional federal and state funding is required to continue corrective work throughout the Sacramento River system. \$163,000,000 of the total project cost (\$510,700,000) will be borne by the non-federal sponsors.
